### INTERESTS

### EDUCATION

**2017 – 2018 | University of Luxembourg | Certificate in Sustainable Development and Social Innovation**

**2016 – 2017 | School of Economics, Business and Accounting at the University of São Paulo, Brazil | Erasmus Mundus**

Paper written in the context of my courses : *"How does eco-innovation affect financial performances of companies listed in the CAC 40?"*

**2015 – 2018 | University of Namur, Belgium | Master's Degree in Advanced Management with a specialization in Finance**

Specialized in Finance and concerned about Global Warming I have decided to devote my master's thesis to the sustainable finance field.

**2012 – 2015 | University of Namur, Belgium | Bachelor's Degree in Business Management and Administration**

### EXPERIENCES

**September 2017 – March 2018 | Assistant, Sustainability Practice at Inspiring More Sustainability (IMS)**

IMS is a catalyst for social innovation and is the network that accompanies organizations in their commitment to Corporate Social Responsibility by enhancing dialogue with their stakeholders.

**2017 | Credit Risk Data Analyst Intern at Banque Internationale à Luxembourg (BIL)**

Banque Internationale à Luxembourg is the oldest private banking group in the Grand Duchy and is among the country's top three banks. My daily mission was to validate and to ensure consistency of credit risk database into two softwares used by the bank. This experience allowed me to both develop a deep knowledge of Basle legislation and strengthen my skills of data analysis and computer coding (i.e. VBA, SQL and SAP BO).

**September 2015 – March 2016 | Campus Consultant at 4Ucampus**

4uCampus is a Belgian company which offers some reductions on newspapers, magazines, computers, software's and printers to students and teachers. As Campus Consultant my main mission was : sales of subscriptions of press titles to students and academic staffs, give speeches in public, prospecting.

**2015 – 2016 | Consulting Project at Lunch Garden**

Lunch Garden is a Belgian fast food chain. This company includes more than 70 restaurants. With a team of 4 highly motivated junior consultant we carried out a Consulting Project in this firm from September 2015 to January 2016.

**2013 - 2016 | Student Jobs in HoReCa – Barman and Server**

Because being a student is costly I had to work during my cursus. Mainly in the HORECA domain I learned how to make really tasty cocktails which I could gladly reproduce for my future colleagues.
